<input type="checkbox"/> Passenger Cars GVWR _____ to _____	<input type="checkbox"/> Multipurpose Passenger Vehicles GVWR _____ to _____	<input type="checkbox"/> Trucks GVWR _____ to _____	<input type="checkbox"/> Low-Speed Vehicles GVWR _____ to _____
<input type="checkbox"/> Pole Trailers GVWR _____ to _____	<input type="checkbox"/> Buses (other than School Buses) GVWR _____ to _____	<input type="checkbox"/> School Buses GVWR _____ to _____	<input type="checkbox"/> Motorcycles GVWR _____ to _____
<input type="checkbox"/> Trailers GVWR _____ to _____			

Incomplete vehicles - means an assemblage consisting, at a minimum, of chassis (including the frame) structure, power train, steering system, suspension system, and braking system, in the state that those systems are to be part of the completed vehicle, but requires further manufacturing operations to become a completed vehicle. Also means an incomplete trailer. GVWR 6001 to 150,000

What Type of Vehicle Manufacturer or Alterer is Your Company? (check all that apply)

Note: If you are a completed vehicle or incomplete vehicle manufacturer, you must also submit VIN deciphering info under 49 CFR Part 565

- Completed Vehicle Manufacturer - a manufacturer of vehicles that require no further manufacturing operations to perform their intended function
- Incomplete Vehicle Manufacturer - a manufacturer of incomplete vehicles, as defined above
- Intermediate Manufacturer - a manufacturer (other than the incomplete vehicle manufacturer or the final-stage manufacturer) who performs manufacturing operations on a vehicle manufactured in two or more stages
- Final-Stage Manufacturer - a manufacturer who performs such manufacturing operations on an incomplete vehicle that it becomes a completed vehicle
- Alterer - a person who alters by addition, substitution, or removal of components (other than readily attachable components), a certified vehicle before the first purchase of the vehicle other than for resale

Instructions for Completing, Revising, and Submitting Your Information

49 CFR Part 566 requires that a manufacturer of motor vehicles and regulated motor vehicle equipment items submit to NHTSA not later than 30 days after manufacturing begins, information about the company and the products it manufactures. This suggested form will assist a manufacturer to comply with Part 566. Please complete the form by typing or clearly printing. Each manufacturer who has submitted this information must keep its entry current, accurate, and complete by submitting revised information not later than 30 days after the relevant changes in its business occur.

Mail the completed form to:

Gentlemen:

Enclosed is our completed "Manufacturer & Product Identification" registration form, per certification requirement under 49 CFR Part 566. EQUIPMENT WORKS, INC. is an upfitter/truck equipment distributor, a final-stage manufacturer and vehicle alterer.

As a final-stage manufacturer, Equipment Works, Inc. mounts refuse bodies, utility bodies, dump bodies, van bodies, platform/stake bodies, etc. This equipment would be installed on suitable chassis cabs with GVWRs ranging from 8,500# to 150,000# GVWR, as required for that specific installation. We also alter existing completed vehicles by installing additional equipment prior to the first retail sale of the vehicle, i.e. adding a snow plow to a pickup truck, or adding van shelving package to a cargo van. After completing our installation of truck body or equipment, we certify that the vehicle meets FMVSS requirements.
