Regarding make and types currently under or planned for production in compliance with 565.7(b), and as an example, when we shift to the new WMI code for VIN the following make and types that will be as follows:

1. 5SV24124A\*659\*\*\*\*\*  
Which is a Drop Deck Trailer, 41 ft long, with 2 axles, with container twist-locks, model year 2006, built in Princeton, Kentucky.
2. 5SVH392A\*659\*\*\*\*\*  
Which is a Container Chassis for (1) 20ft Container, 39 Ft long, with 2 axles, container twist locks, model year 2006 built in Princeton, Kentucky.
3. 5SVK422A\*659\*\*\*\*\*  
Which is a Container Chassis for (1) 40 or (2) 20 ft Containers, 42 Ft long, with 2 axles, container twist locks, model year 2006 built in Princeton, Kentucky.

Asterisks are fields calculated or assigned at the time of manufacture for delivery to a customer.

4. Other models as coded from the above are possibly built in 2006 depending on customer demand.

This document is being submitted by email in .PDF Format, with paper copy to follow.
