Dear Administrator,

Ride-Away Corp. operates the facility named below for the purpose of altering certified vehicles and finishing incomplete vehicles. This facility will complete dropped floor Ford E-250 Series vans to be used by people with disabilities. This facility will also alter various Chrysler, General Motors and Ford full size vans with raised roofs and raised side doors as allowed by the manufacturer's incomplete vehicle manual or third party compliance testing.

These vehicles range in GVWR from 7000Lbs to 9800lbs.
