Washington, DC 20590

May 23, 2006

Dear Sir,

We would like to update our registration with the NHTSA as a final stage manufacture of motor vehicles. We were last approved on March 18, 1997, All of our information, to follow, is the same as in 1997.

ACME TRUCK PARTS AND EQUIPMENT, INC.  
1016 SOUTH WILSON WAY  
STOCKTON, CALIFORNIA, 95201

Owner of Company: Al Davidson

City of Incorporation: Stockton, California

Product Manufactured: Acme finishes incomplete vehicles by fabricating and installing new and used work bodies and lamps. Acme also installs and removes auxiliary axles for increasing and decreasing the GVWR on motor vehicles, and trailers.

GVWR: The gross vehicle weight ratings for the products we are installing range from 500 lb tag a long trailers to 40,000 lb equipment trailers and from 8,500 lb to 54,000 lb for trucks.

Nathan Davidson  
Chairman of the Board  
Acme Truck Parts and Equipment
