Mr. Walter K. Myers  
N.H.T.S.A.  
Office of Chief Counsel  
Department of Transportation  
Washington, DC 20590

Dear Mr. Myers:

First, let me thank you for faxing me the copy of 49CFR566. As you know, we are being required to provide evidence to the program specialist at the Texas Rehabilitation Commission that we are registered as an intermediate manufacturer with the Federal Department of Transportation.

We currently manufacture two lines of vehicles. The first type of vehicle is a multipurpose passenger vehicle: lowered floor Ford and Chrysler minivans with wheelchair ramp with GVWR 5200 lbs. We are an intermediate manufacturer-- we lower a portion of the floor between the two axles and relocate the fuel tank. The second type of vehicle is a bus on competed van chassis with GVWR 8510-9400 lbs. We are an intermediate manufacturer--we modify doors, steps, roofs, bumpers and add seats, wheelchair lifts and various other equipment.

Thank you in advance for your assistance for directing this to the proper department and providing me with evidence that The Braun Corporation is registered with the Federal Department of Transportation.

Sincerely,

Edward A. Czech  
Engineering Manager
