Owner of Company: Jerry Whitehead

City of Incorporation: Boise, ID USA

Product Manufactured: Western Trailer Co. builds semi trailers from steel, aluminum, and other purchased materials. These trailers are used to transport general freight, agriculture commodities, forestry products, and refuse. The trailers are wholly manufactured by Western Trailer Co. and then sold as complete units to the ultimate consumer.

GVWR: The gross vehicle weight ratings (GVWR) of our products range from 20,000 lbs to 85,000 lbs.
