Office Of Chief Council NOA 30
N.H.T.S.A.
Room 5219
400 Seventh Street Southwest
Washington, D.C. 20590

Dear Sir:

The purpose of this letter is to notify the N.H.T.S.A., in accordance with Title 49 C.F.R., of Supreme Corporation's intent to manufacture vehicles. Supreme will be a second stage manufacturer, as well as a vehicle alterer.

The second stage vehicles to be manufactured will be medium size buses. We will build bodies on "cutaway" chassis supplied by first stage manufacturers such as General Motors, Ford, Iveco and Chrysler.

The altered vehicles will be small buses made by General Motors, Ford and Chrysler.

I trust this letter complies with Title 49 CFR requirements. Please let us know if you require further data.

Sincerely,

Keith Shrock
Engineering Division
