To whom it may concern,

I would like to update our registration as a final stage vehicle manufacturer.

Our company is currently registered as a final stage manufacturer of trucks with body mounted cargo tanks and tank trailers. (WMI-1V9/054)

These tank trucks and trailers will have a G.V.W.R. range of up to 54,000 lbs.

We also complete vehicles in the final stage including the following:

- Utility trailers up to 24,000 G.V.W.R.
- Utility, Dump, Platform, Van, etc. bodies on cab & chassis and Truck tractors ranging in G.V.W.R. from 6,000 lbs. to 54,000 lbs.
- Related accessories

Thank you for your assistance.

David Wagoner
Vice President
