Washington, DC 20590

Dear Sir or Madam:

I am writing to you today to provide manufacturer information on products produced by my company as required under 40CFR Part 566. Although I believe our products do not fall under motor vehicle safety standards, we want to begin importing our pumps to Canada. They require that we be registered with you.

- a) Our legal name is AmeriPumps 3, LLC. We are a wholly owned subsidiary of TDD Enterprises, Inc.
- b) Our corporate address is 3085 S. Broad Street, Suite A, Chattanooga, TN 37408. The address of our manufacturing facility is 371B Expansion Drive, Hillsville, VA 24343. We were incorporated in the State of Virginia.
- c) We are the United States manufacturer of Sykes brand industrial water pumps. Some of these pumps are permanently mounted into frames that are on wheels. All pumps mounted onto towable frames have a GVWR under 10,000 pounds. The pumps with a GVWR of 10,001+ pounds are required to be hauled on the back of another vehicle.

If you have any questions, please feel free to contact me at 423-634-0609. I appreciate your help with this matter.

Sincerely,

Doug Zukowski  
President  
Ameripumps, LLC
