

StarFire Trailer Systems
265 S. Avon Ave
Phillips, Wisconsin 54555
715-820-2368

Owner of Company: John F. Warner

City of Incorporation: StarFire Trailers, a Sole Proprietorship, will be manufacturing it's products in Phillips, Wisconsin.

Products Manufactured: StarFire Trailer Systems builds flat-bed trailers of custom design, mostly for use by those entities/companies who shoot commercial display fireworks. StarFire Trailers will use only quality steel from local suppliers. Other components will be purchased from those who supply items which meet our high quality and safety standards, and which also meet the requirements set by our customers. Most trailers will be of the bumper-pull type, but some will be gooseneck-type trailers.

GVWR: The gross vehicle weight ratings (GVWR) of our products will range from 1,250 Lb single-axle utility trailers to 12,000 Lb dual-axle flatbed trailers.
