Dear Administrator:

In compliance with 49 CFR Part 565, the following information is provided to define the codes contained in the VIN scheme used to identify vehicles manufactured by Buell Motorcycle Company.

2010 Model Year Vehicles:

Sample VIN: *4MZFX03D5AEA00003* for a DOM vehicle.

Sample VIN: *5MZFX03J1AEA00001* for a JPN vehicle.

- "International vehicles" are defined as vehicles destined for markets other than 49-state (DOM) and California (CAL).
- "*" symbols appear before and after the VIN to meet a European regulation, and appear across all models and markets to maintain uniformity.

VIN Ranges for DOM and CAL 2010 Model Year vehicles (note that the last five digits are unique and sequential only within a model, thus not sequential within a market):
