Re: 49 CFR Part 556, Manufacturer Identification

Owner(s) of the Company: Jianrong Zhang, Chairman

City of Incorporation: Jiaxing Stone Wheel Manufacturing Co., Ltd. is a registered company in Jiaxing, Zhejiang province in China.

Products Manufactured: Jiaxing Stone Wheel Manufacturing Co., Ltd. manufactures wheel rims for truck and trailer using sheet steel and welding materials as raw materials to produce a finished wheel rim usable by an end customer as received. The steel is forged, roll formed, punched, machined, and then welded together to form a wheel rim. The wheel rim is then e-coated (painted). Valve stems are sometimes purchased and assembled to the product. The product is packaged on-site and loaded into containers for shipment to the USA. This product, wheel rims, is typically sold to an agent in the USA for further distribution.

The product is designed to meet FMVSS 120 requirements. Additionally, the company has testing equipment to ensure safety of the product to SAE J267 fatigue standards.

GVWR: The typical gross vehicle weight ratings (GVWR) that use our products is above 4536 kg and fall under the FMVSS 120 standard.
