Re: Update to Identification pursuant to 49 CFR Part 566

Dear Mr. Sachs:

Mobility Works is a U.S. vehicle alterer / intermediate stage manufacturer / assembler.

The following information modifies Mobility Work's Part 566 registration dated November 14, 2000:

- A. The full legal name of the company is: WMK, Inc. (dba MobilityWorks / Mobility Conquest).
- B. Full address of the company is: 810 Moe Drive, Akron, OH 44310.
- C. WMK, Inc. is an Ohio Corporation.
- D. Set forth below is each type of motor vehicle worked on by Mobility Works, including, the approximate gross vehicle weight ratings for each type:
  1. Alteration of certified Multipurpose Passenger Vehicles (vans) for personal transportation (GVWR=4,965-9,600#).
  2. Intermediate stage manufacturer of commercial (vans) for transportation of the disabled (Vans GVWR=8,500 - 9,600#; Minivans GVWR=4,965-9,600#).
  3. Assembly of 3-wheeled motorcycles for use by the disabled (GVWR=3,968#).

The MVPs altered and built as an intermediate stage manufacturer are used in the mobility industry for transportation of the disabled.

- E. As an intermediate state manufacturer, Mobility Works performs the following operations:  
Conversion of vans and minivans to ADA-compliant wheelchair accessible vehicles by installing raised roofs and doors, lowered floor, wheelchair lifts and related accessories.

Sincerely,

Dennis W. Summers  
VP Operations
