RE: Manufacturer Identification for Garia A/S

Dear Administrator Strickland:

On behalf of Garia A/S ("Garia"), a privately held company headquartered in Denmark with an office in San Antonio, Texas named Garia Inc., we hereby submit the following information in accordance with 49 C.F.R. Part 566, *Manufacturer Identification*:

Garia A/S
Lunikvej 44
Dk-2670 Greve
Phone: +45.46.570.580
Fax: +45.46.590.599

Garia, Inc.
18838 Stone Oak Parkway, Suite 201
San Antonio, Texas 78258
Phone: +1.210.481.5500
Tax: +1.210.481.5505

Garia manufactures Low Speed Vehicles (LSVs) for introduction into the U.S. market. Mr. Henrik Hansen is the president of Garia Inc. Both Garia A/S and Garia Inc. are owned by Mr. Jacob Brunsborg. The Garia LSVs are currently assembled at the Valmet Automotive factory in Uusikaupunki, Finland, and have a GVWR of approximately 1,200 lbs. to 1,900 lbs.

Many states require that applicants for manufacturer, importer or distributor licenses provide copies of correspondence from NHTSA verifying that FMVSS requirements have been met. *See, e.g.,* Florida Highway and Safety Motor Vehicles Application for a License as a Motor Vehicle or Recreational Vehicle Manufacturer, Importer, or Distributor or a Mobile Home Manufacturer at <http://www.flhsmv.gov/dmv/forms/BFO/84256.pdf>. As such, Garia requests that NHTSA issue formal written confirmation of Garia's compliance with this requirement and update its Manufacturer Identification Database to reflect this submission. Because Garia would like to begin distribution and sales of its LSVs to the U.S. market as soon as possible, we would appreciate expedited processing of these requests.

Thank you for your attention to this matter. Should you need further clarification, please do not hesitate to contact me.

Sincerely,

Heather M. Moss
