2008 MY Rollover NCAP Vehicles Selected - TMA learned of the vehicles selected for Rollover NCAP testing for the 2008 MY. The vehicles are the 2008 MY Highlander FWD, Highlander AWD, Highlander Hybrid, Sienna AWD, Sequoia FWD, Sequoia AWD, and Scion xB. IF TMC is interested in attending any of the tests, they should contact TMA. Test dates are not available yet, but should be within the next few months.

ES350 Floor Mat Investigation - TMA delivered a set of revised floormats and owner letters to NHTSA for their internal briefing. In discussions with NHTSA, the agency is serious about the issue, and feels that the issue may be more related to the vehicle (pedal/footwell) than just the floormat. TMA is negotiating a meeting to learn more specifically what aspects of the vehicle design concern the agency.
