Subject: Fw: Committee Letter

Chris, I got a heads up from a friend of mine in Rep. Blackburn's office about a letter his boss sent to the Energy and Commerce Committee asking for an investigation into sudden acceleration on the 2007 Tacoma. Apparently, a local news station in Nashville (see the links below) has been doing a story on this and interviewed Rep. Blackburn and asked her about the issue. She was on the spot and said she would look into it, thus the attached letter. Do you have any information I can provide her or any recommendations on how to proceed?

Thanks,

Mark

Subject Committee Letter

Mark,

Thanks for taking the call this morning, and if you have any questions just let me know.

Best regards,

- Greg L.
