**SSC 7LB – LEXUS ES 350 ALL WEATHER FLOOR MAT ACCESSORY
 SAFETY RECALL NOTICE FOR 2007 AND EARLY 2008 MODEL YEAR VEHICLES**

Dear Lexus Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Lexus has decided that a defect, which relates to motor vehicle safety, exists in the *optional* Lexus ES 350 All Weather Floor Mat (floor mat constructed from heavy duty rubber) designed specifically for certain 2007 and early 2008 model year ES 350 vehicles. **We are sending you this notice in the event you purchased this accessory.**

What is the condition?

The *optional* Lexus ES 350 All Weather Floor Mat is specifically engineered and manufactured for ES 350 vehicles. This includes two grommet holes in the All Weather Floor Mat and retaining hooks (clips) to secure the mat to the vehicle's carpet. In recent months, Lexus has received reports regarding the optional Lexus ES 350 All Weather Floor Mat slipping forward and interfering with the movement of the accelerator pedal. (Please see the diagram for the specific mat involved). Lexus has investigated these reports and determined that if the optional Lexus ES 350 All Weather Floor Mat (either by itself or if it is placed on top of an existing carpeted floor mat) is **not secured by the retaining hooks (clips)** and the mat moves forward, it may interfere with the accelerator pedal returning to the idle position. If this condition occurs, in the worst case, it may increase the possibility of a crash.

What will Toyota do?

Lexus is currently developing a design modification to the driver's seating position All Weather Floor Mat. We will send another notification when the new driver's seating position All Weather Floor Mat is available. We anticipate the second notification will begin mailing in mid-to-late November, 2007. The original driver's seating position All Weather Floor Mat will be exchanged for a new one at that time.

What should you do?

Until the new driver's seating position Lexus ES 350 All Weather Floor Mat is ready, we request your assistance in regularly verifying the floor mat is properly secured using the retaining hooks (clips) provided. If the mat is properly secured, it will not interfere with the accelerator pedal. Good times to check are after filling your vehicle's tank with gasoline, after a carwash and/or vehicle interior cleaning, when another driver is about to drive the vehicle, etc. More than one floor mat should **never** be used in the driver's seating position, as the retaining hooks (clips) are designed to accommodate only one floor mat at a time. Please refer to the floor mat section of your Owner's Manual for further information regarding the retaining hooks (clips).

If you would like to immediately return the All Weather Floor Mat set for a refund, please bring your Lexus ES 350 All Weather Floor Mat set to your local Lexus dealership and they will make the necessary arrangements. The dealership will require your Vehicle Identification Number during the return process.

If your vehicle does not have the Lexus ES 350 All Weather Floor Mat (please see the diagram for the specific mat involved), it is **NOT** involved in this recall. Please return the enclosed postcard to notify us that you do not have the Lexus ES 350 All Weather Floor Mat accessory, so we may remove your name and address information from future mailings regarding this issue. However, during our investigation, it was noted that floor mat interference is possible in any vehicle with any combination of floor mats. Therefore, if you utilize non-Lexus floor mats, **please make sure they are also properly secured using the appropriate retention device and do not place them on top of another floor mat.**
