Loose/fell off	Drivers side temperature setting knob fell off and when reattaching it was attempted, the mating part behind the knob broke in two.	200709RD
Space/spacing	I am 6 feet tall but hit my knees on the steering wheel when I get in, I have to move the seat back as far as it will go when I get out.	200709RD
Features/options	The seat does not lay flat when folded, it is really inconvenient because I have a dog kennel and drive 800 miles each way.	200709RD
Pulls left	Pulls left. Minor drift. Specs for alignment not at dealership yet. Waiting. Concerned about premature wear on tires.	200709RD
Would like to have/change/add	Would be more comfortable if there was a armrest at right (driver) left passenger.	200709RD

Would like to have/change/add	Complaint: Lack of armrest on the front seats. What were the engineers thinking. Even our Sienna has them!	200709RD
Features/options	The new center stow seat is nearly useless. It is clumsy and leaves exposed hardware when not in use.	200709RD
Difficult to understand	I am having an immense amount of trouble with the people on the other end of the phone call hearing me. Also, the voice commands are very difficult to use. I am tired of hearing Pardon? .	200709RD
Performance	I am having an immense amount of trouble with the people on the other end of the phone call hearing me. Also, the voice commands are very difficult to use. I am tired of hearing Pardon? .	200709RD
Location	Short front ##### does not retract. Also, 3rd row seat belt interferes with cargo cover.	200709RD
Difficult to understand	Nav voice tags were difficult to do. Once shown how, was okay.	200709RD
Seatbelt-retraction	Short front ##### does not retract. Also, 3rd row seat belt interferes with cargo cover.	200709RD
Performance	GPS did not recognize it's current position. We could not program it because it did not recognize where we were. We tried to recalibrate it ourselves, but it would not hold. It was in and out of service for 2 weeks before they figured out that 3 wires	200710RD
Inoperative	Cannot get it to work. I've had this option before without problems.	200709RD

Would like to have/change/add	wish it had memory control not always able to restore it to previous settings when another driver uses the car	200709RD
Not working properly/malfunction	Sliding 2nd row pass. seat would not fold down after trying several times. 3 days later worked fine. Failed attempts were from rear of vehicle and at seat.	200710RD
Performance	system is very sensitive, can easily over steer.	200709RD
Performance	Sound of horn makes vehicle sound cheep.	200709RD
Performance	drivers headrest keeps going up.	200709RD
Performance	Initial application on brakes produces little results. Further pressure causes brakes to grab.	200710RD
Binding/sticking/stuck/tight/stiff	Problem was system was locked. Took in to dealer. Solved right away.	200709RD
Comfort/fit	Seat to firm, we have the Highlander passenger seat needs to be same as driver seat (limited).	200710RD
Noise-squeaks/rattles	Rattles on rough streets after coins inserted. I lined the coin holder with sticky back felt and cured the problem.	200709RD
Noise	when steering there is a scraping noise on the column.	200710RD
Dented	there is dent in the drivers door. I don't know when or where it occurred.	200710RD
Features/options	More of a suggestion: the text display for the Sirius radio is too short: cuts off the end of the artist's name. Maybe the SAT 1 could be in smaller font. Otherwise, I love it!	200710RD
Noise	When it is first operating in the morning, when braking down hill noise happens.	200710RD
Defective/defect	Radio defective. Would not sync with steering wheel controls. Took one month to resolve problem.	200709RD
Misaligned	Glove box sags on left side a small bit.	200709RD

Misaligned	Have to turn the wheel slightly to the right when driving in a straight line.	200709RD
Inoperative	One of the power outlets does not supply power.	200709RD
Not working properly/malfunction	Is constantly on from day 1. I checked the tire pressure to verify it was correct. I followed the procedure in the owner's manual to reset the Tire pressure monitoring system, but it still remains lit. I will make an appointment with the dealer to get i	200709RD
Pulls left	Vehicle pulls to the left a bit. Might be related to the steering wheel being off-center.	200709RD
Sagging/parting seams/poor stitching	Leather on headrest has come apart. Driver side.	200710RD
Performance	The glove box rubs against one side of the console when closing.	200709RD
Broken/cracked/torn	Passenger front seat had 2 cuts not all the way through, looked like a box cutter cut.	200710RD
Ride Condition	Our previous 2001 Highlander was wonderful for road trips. This car is very unpleasant with its stiff jolting suspension. We wanted the Limited Model with cloth interior, but was told it was not available.	200709RD
Location	Too close to the back of your head. Cannot straighten up when you lean back in your seat.	200709RD
Would like to have/change/add	Lack of side door moldings leaves doors exposed to damage, i.e.: parking lots.	200709RD
Size	Driver's side outside rearview mirror blocks vision of traffic lane when making a 90 degree left turn. It is unnecessary for mirror to be that large. This is very dangerous. DAC and snow are unnecessary.	200709RD

Height - too low	Driver's right arm rest to low for comfort while steering, should have kept fold down arm rest as on my 2003 Highlander.	200710RD
Visibility	Location of buttons, difficult to find in dark car at night, 2003 Highlander had Homelink on visor above driver MUCH BETTER LOCATION.	200710RD
Would like to have/change/add	My 2003 Highlander had an elapsed time indication on the trip computer, which I often used, This feature seems to be missing on my New 2008 Highlander or is it just not working.	200710RD
Size	The blade could be longer. I realize there is limited space, but even on inch in length would add 2 inches to arch.	200710RD
Unspecified	At delivery light was on. Dealer immediately found the problem with the spare.	200710RD
Difficult to understand	Works fine. It was difficult to figure how to change from Odometer to trip	200710RD
