Subject Re: USTT data

Mike,

The 70F additional VIN list with US, Mexico, and Saipan vehicles has been uploaded to the ftp site, and placed in the "Toyota Input Data" section with the following file name "70F Additional VIN List (13732 VINs).xls

NOTES:

- For the US vehicles, please produce and print them but do not mail. I am still in the process of getting these VINs into our system.
- For Saipan vehicles, please produce and box them but do not mail. I am still in the process of getting these VINs into our system.
- For Mexico vehicles, the only thing we can do now is get the owner letter proofs going, since we don't have any input data for them.

Thanks

Richard
