Subject 70F/7LB not checked

Mark,

the file we reviewed yesterday only contained the records Major managed. I had Andy run all the records, which includes the entire Quintek file for matches against the 70F/7LB phase 2 mailing. The attached report shows matches from the Quintek file in each mail drop as well as other descriptions.

Suppressed - suppressed by TMS (Attached text file for your review)
Unmatched - would be VINs form other campaigns
Incomplete - VINs less than 17 digits - These ended up being part of the rework by Major
Duplicate - entered more than once

In summary, everything mailed in phase 2 that we wanted to.

Mike
