# HEATSTROKE ROUNDTABLE AGENDA

July 1, 2020

1:00-1:40

## PREVENTING PEDIATRIC VEHICULAR HEATSTROKE

### Discussion:

This panel will highlight some of the challenges and opportunities to combat the devastating yet preventable tragedy of pediatric vehicular heatstroke. We will discuss the role of child passenger safety technicians and car seat manufacturers in educating parents and caregivers as well as explore the role routine and memory plays in heatstroke events.

### Speakers:

- Amy Artuso – National Safety Council
- Shushanna Mignott – Safe Kids Worldwide
- Jan Null – noheatstroke.org
- Joseph Colella – Juvenile Products Manufacturers Association

### Moderator:

- Marietta Bowen – NHTSA
