Re: CFR Title 49, Part 566.5, Manufacturer Identification Requirements.
Coachmen Motor Works and All American Specialty Vehicles

Dear Sir:

This letter is being sent to you in accordance with CFR Title 49, Part 566.5, Manufacturer Identification Requirements.

In April, 2009, Coachmen Industries notified NHTSA that we had changed the name of our specialty vehicle manufacturing division from "Coachmen Recreational Vehicle Company, LLC" to "Coachmen Motor Works, LLC". Effective immediately, we have discontinued manufacturing operations as Coachmen Motor Works and that company will no longer be building products.

Simultaneously, we have established a new company named "All American Specialty Vehicles, LLC" and in accordance with the requirements of Part 566.5 provide the following information:

- 566.5 (a) Corporate Name of Manufacturer – **All American Specialty Vehicles, LLC**
- 566.5 (b) Address: **51165 Greenfield Parkway, Middlebury, IN 46540**
- 566.5 (b) State of incorporation – **Indiana**
- 566.5 (c) **Multipurpose passenger vehicles: Transit buses with GVWR from 12,300 to 15,000 pounds. Final-Stage manufacturer – add body to bare chassis.**

Please note that this does not reflect a company name change. All American Specialty Vehicles is a complete separate entity from Coachmen Motor Works.

We hope this correspondence provides complete compliance with the subject requirements. If you have any questions, or require further information, please advise.

Best Regards,

Gary L. Duncan
V.P. Engineering
