RE: 49 CFR Parts 566, Manufacturer Identification

The Truck & Bus Stop, Inc.

Steven Petricone

State Of Incorporation: New York State, USA

New incomplete vehicle cab and chassis are delivered. We stretch the chassis and install a body. Vehicle capacity's range from 18 passengers to 28passenger. We finish and assemble the vehicle according to customer's specification & Fmvss. The gross vehicle weight rating (GVWR) of our product range from 12,500lb to 19,000lb.

Some vehicles are delivered complete. We cut the roof off. We strengthen and reinforce the walls as we build the upper seating section. Install floor supports & finish the floor. We install approved type seats and complete the vehicles. The (GVWR) range is 35,000lb. to 40,000lb.

New vehicles are delivered to us, are cut in half and stretched, we will cut the vehicles in order to stretched and build a limousine. We convert new/used vehicles. (Buses) for use as handicap for hire vehicles. The GVWR range from 6,500lb-19,000 lb.
