Re: VIN Decoding Information for Vermeer Manufacturing Trailers

Several months ago Dave Coleman recommended that Vermeer **re-submit** on "one document" our entire current production trailer VIN decoding information.

In accordance with 565.7(c) of 49 CFR Part 5654, Vehicle Identification Number, Vermeer Manufacturing Company hereby **re-submits** Vehicle Identification Number (VIN) decoding information for trailer models that we currently manufacture and distribute.

Very truly yours,

Dale Messenger
Product Safety Engineer
