September 4, 2012

To whom it may concern,

We have changed our World Manufacturer Identification (WMI) number from 1B9/692 to 56L. In addition to the WMI change, the company name has changed from Baldor Generators to Baldor Electric Company.

Baldor Electric Company will continue to manufacture Light Towers and Towable Generator product line with a GVWR of less than 10,000 pounds.

The Vehicle Identification Number (VIN) breakdown is attached. If further information is required, please contact me.

Sincerely,

Dave Sawasky
