Position 13	6	WMI
Position 14	4	WMI
Positions 15, 16, & 17		Sequentially Assigned 001, 002, 003, etc. <u>100</u>

Note: If your new company does not have a WMI Code (World Manufacturer Identifier Code), please obtain one by calling SAE at 724-772-7107 and indicate the types of vehicle(s) your company produces.)

Column 3 represents your company's items that you produce and their letter or number code that you assign to each item.  
(Note: Never use capitol letters I, O, Q in your coding.)

Therefore create a similar template and follow the attached instructions. Please remember:

Do not simply copy these items in column 3. These are examples. Only list the items you produce and give it a letter or number code. DO NOT LIST ITEMS YOU DO NOT PRODUCE.

(Note: You can always submit a revised or updated PART 565-VIN Decoding chart when you have additional new items produced in the future with their newly assigned letter or number code.)

You may copy this verbiage as the check digit will always change with each VIN number created for each vehicle/trailer produced.

Keep these Model Year codes which are dictated by regulation.

Erase examples and give the City & State for each plant and assign each with a letter or number code.

3122 S. RIVERSIDE AVE
