

Tennessee Highway Safety Office
Biennial survey of state automated traffic enforcement systems
FIXING AMERICA'S SURFACE TRANSPORTATION (FAST Act)
23 CFR 1300.13 - Special funding conditions for Section 402 Grants

I hereby certify that:

- The Tennessee Highway Safety Office (THSO) conducted a survey of jurisdictions that currently have automated traffic enforcement systems.
- The survey was conducted in accordance with the federal guidelines included in the Fixing America's Surface Transportation Act (FAST Act) under 23 CFR 1300.13 - Special funding conditions for Section 402 Grants.
- The THSO received responses from 134 jurisdictions across the state.
- Twelve (12) of those jurisdictions that responded indicated there was an automated enforcement system (speed cameras and/or red light cameras) within their jurisdiction.
- Results of this survey are available upon request.
