**Project Title:** Hardware-In-The Loop Analysis for Heavy Truck ESC Effectiveness

**Project Manager:** Arik Svenson

**Description:** Development and application of a hardware-in-the-loop simulation to determine the performance of heavy truck ESC systems.

**Project Initiation Date:** Mar-07

**CloseDate:** December 2009

**Contract Number:** DTNH22-05-D-01019

**Project Awarded To:**

**Total Contract Cost:**

**Date Added:** 3/20/2007
