Commonwealth of the Northern Mariana Islands (CNMI)

**Annual Grant Application
Federal Fiscal Year: 2026**

Prepared for

**U.S. Department of Transportation
National Highway Traffic Safety Administration**

Prepared by

**Commonwealth of the Northern Mariana Islands
Department of Public Safety
Highway Safety Office**

**Anthony I. Macaranas
Commissioner/
Governor's Highway Safety Representative**

**Margarita DLG. Camacho
Coordinator
Highway Safety Office**

§1300.12 (1) Updates to Triennial HSP

§1300.12 (i) Adjustments to countermeasure strategies for programming funds:

§1300.12 (A)

- *The CNMI does not have any adjustments for strategy of programming funds in the FFY26 AGA.*

§1300.12 (B)

- *The CNMI does not have any adjustments for strategy of programming funds as the FFY25 strategies will continue to be utilized for projects listed in the FFY26 AGA.*

§1300.12 (ii) Changes to performance plan:

- *None*

§1300.12 (2) Project and Subrecipient Information

Program Areas:

Section 402

- 1. Planning and Administration (P&A)**
- 2. Occupant Protection/Child Restraint (OP/CR)**
- 3. Police Traffic Services (PTS)**
- 4. Impaired Driving (Alcohol and Drugs) (ID)**
- 5. Speed Enforcement (SE)**
- 6. Pedestrian and Bicycle Safety (PS)**
- 7. Traffic Records (TR)**
- 8. Communication Media (PM)**
- 9. Emergency Management Services (EMS)**

State Traffic Safety Information Systems

Planning & Administration (P&A)

Project Name and Description: *Program Administration*

To support the CNMI Highway Safety Office (HSO) by overseeing NHTSA’s grant programs and other related traffic safety initiatives in the CNMI.

Grant funds will be used for the following:

- Salary & fringe of the HSO Coordinator
- Operational costs such as communication, utilities, annual membership fees, mileage reimbursement, security software updates, website and email maintenance
- Travel to attend trainings, meetings, conferences; and inter-island travel for program evaluation of Tinian and Rota sub grantees by GR, Director of Administration, and HSO Coordinator

Location of Project & Affected Communities:

Saipan, Highway Safety Office

Federal Funding Source(s)	BIL 402
Project Agreement Number	PA 26-00
Subrecipient (s)	Department of Public Safety-Highway Safety Office
Organizational Type	Public Safety
Amount of Federal Funds	\$181,000.00
Eligible Use of Funds	402PA
Planning & Administration Cost	Yes
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	Program Administration

Occupant Protection/Child Restraint (OP/CR)

Project Name and Description: *OP Program Management*

To oversee and provide guidance for projects related to occupant protection and child restraint to include handling program operational and financial matters for all three islands.

Grant funds will be used for the following:

- Salary & fringe of the Program Manager
- Operational cost such as supplies, communication, security software updates
- Travel costs to attend meetings, conferences and inter-island for program monitoring of Tinian and Rota sub grantees; and for costs to attend OP related training and other trainings required by NHTSA

Location of Project & Affected Communities:

Saipan, Highway Safety Office

Federal Funding Source(s)	BIL 402
Project Agreement Number	OP 26-00
Subrecipient (s)	Department of Public Safety-Highway Safety Office
Organizational Type	Public Safety
Amount of Federal Funds	\$94,200.00
Eligible Use of Funds	402 OP
Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	OP Program Management

Project Name and Description: *OP Enforcement, Education, and Training*

Occupant Protection/Child Restraint Enforcement

- To continue the effort to maximize the usage of seat belts and child restraints and minimize the violations through OP/CR checkpoints and other HVEs - zero tolerance enforcement, and low visibility enforcement such as covert operations. This includes survey activities
- Participation in the Click-It-Or-Ticket and the Child Passenger Safety Week/Seat Check Saturday campaigns

Public Education

- For public education through outreach activities and awareness through ads on various media sources; conducting educational presentations at schools and at other community events

Training

- To enhance officers' program expertise so they better implement OP safety activities by attending OP related trainings offered on-island as well as off-island
- To increase the number of Child Passenger Safety Technicians (CPST) by conducting training for new as well as recertification of existing technicians on all three islands
Unattended Passenger Program
- To actively participate in the NHTSA Heat Stroke Prevention campaign the CNMI aims to organize community and public awareness initiatives. Given the consistently high temperatures (above 90 degrees) in the CNMI, this campaign will be implemented year-round to address the ongoing risk of heat stroke

Grant funds will be used for the following:

- Overtime costs for enforcement, educational outreach activities, and checkup events
- Training costs to conduct CPST classes for all three islands; travel costs to attend OP related trainings and conferences
- Contractual service for the annual CNMI Seat Belt Survey statistical analysis to include survey OT and car rental costs
- Operational costs such as printing of educational materials, purchase of supplies and equipment that support and enhance the OP program
- Purchase of car seats for the Child Restraint Purchase Assistance Program
- Airing costs of OP and Heat Stroke Prevention campaign ads

Location of Project & Affected Communities:

Islands of Saipan, Rota, Tinian

Federal Funding Source(s)	BIL 402
Project Agreement Number OP 26-01 OP 26-02 OP 26-03 OP 26-04	Subrecipients Dept. of Public Safety Highway Patrol (Saipan) Highway Patrol (Rota) Highway Safety (Tinian) Highway Safety Office
Organizational Type	Public Safety
Amount of Federal Funds	\$81,800.00 (Saipan HP) \$39,600.00 (Rota HP) \$32,700.00 (Tinian HP) \$25,000.00 (Unattended Passenger Program – DPS HSO)
Eligible Use of Funds	402 OP
Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	<ul style="list-style-type: none"> • CTW 1.2 Local Primary Enforcement Seat Belt Use Laws • CTW 2.1 Short-Term, High Visibility Seat Belt Law Enforcement • CTW 3.1 Supporting Enforcement

POLICE TRAFFIC SERVICES (PTS)

Project Name and Description: *PT Program Management*

To oversee and provide guidance for PTS related projects to include overseeing program operational and financial matters for all three islands.

Grant funds will be used for the following:

- Costs to oversee the program. This includes salary & fringe of the Program Manager and the Program Assistant
- Operational cost such as supplies; communication; security software updates
- Travel for PT Program Manager and Program Assistant to attend meetings, conferences and inter-island for program monitor of Tinian and Rota sub grantees. Costs to attend PT related training or other training required by NHTSA

Location of Project & Affected Communities:

Saipan, Highway Safety Office

Federal Funding Source(s)	BIL 402
Project Agreement Number	PT 26-00
Subrecipient (s)	Department of Public Safety-Highway Safety Office
Organizational Type	Public Safety
Amount of Federal Funds	\$143,000.00
Eligible Use of Funds	402 PT
Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	PT Program Management

Project Name and Description: *PT Enforcement, Education, and Training*

Police Traffic Services Enforcement

- To continue aggressive traffic law enforcement and maintain order on the highways and roadways. Also to continue high visibility enforcement, covert operations, and saturation patrol

Public Education

- To conduct various public outreach which includes educational activities at schools, at community events, and on various media sources on safe driving

Law Enforcement Training

- To enhance officers' investigative capabilities and program expertise so they better implement traffic safety activities by attending PT related trainings offered on-island as well as off-island

Grant funds will be used for the following:

- Overtime costs for various enforcement activities and educational outreach events
- Printing of educational materials for distribution
- Purchase of supplies, computers, equipment and vehicles to support and enhance the PT program; communication costs; fuel reimbursement costs
- Training costs to attend PT related trainings off-island, as well as to bring instructors on-island. These costs will cover all three islands

Eligible Use of Funds	402 ID
Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	ID Program Management

Project Name and Description: *ID Enforcement, Education, and Training*

Impaired Driving enforcement

- To continue high visibility enforcement activities such as sobriety checkpoints and saturation patrols
- To oversee the Alternative Transportation Program during the Holiday Season ID campaign

Public education on Impaired Driving Prevention

- To conduct various public outreach which includes educational activities at schools, at community events, and on various media sources on safe driving

Law enforcement training

- Enhance officers’ expertise on identification of impaired drivers (alcohol and drugs) on the highways, investigative capabilities and program expertise by attending ID related trainings offered on-island as well as off-island

Grant funds will be used for the following:

- Overtime costs for enforcement activities such as checkpoints, saturated patrols, and educational outreach activities; costs for taxi companies participating in the alternative transportation program
- Purchase of supplies and equipment that support and enhance the ID program; printing of educational materials
- Costs to attend conferences and ID related training on-island as well as off-island

PEDESTRIAN & BICYCLE SAFETY (P&S)

Project Name and Description: *Pedestrian & Bicycle Safety Enforcement*

Pedestrian Safety Enforcement

- To conduct enforcement throughout the year at or near clearly marked pedestrian crosswalks

Pedestrian & Bicycle Safety Education

- Conduct Pedestrian/Bicycle Safety public education activities throughout the year on the importance of safe highway/roadway crossing at schools, community events and on various media sources to educate pedestrians/bicyclists as well as motorists

Grand funds will be used for the following:

- Overtime costs for enforcement activities, and for public education/outreach events
- Costs for printing of educational materials for distribution; production and airing of ads
- Vehicle rental costs for covert enforcement operations

Location of Project & Affected Communities:

Islands of Saipan, Rota, Tinian

Federal Funding Source(s)	BIL 402
Project Agreement Number	PS 26-01
Subrecipient (s)	Department of Public Safety-Highway Patrol Section

Eligible Use of Funds	402 PS
Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	<ul style="list-style-type: none"> • CTW 4.1 Pedestrian Safety Zones • CTW 4.2 Reduce and Enforce Speed Limits • CTW 4.4 Enforcement Strategies • CTW 1.1 Bicycle Helmet Laws for Children

SPEED ENFORCEMENT (SE)

Project Name and Description: *Speed Enforcement*

To conduct speed enforcement throughout the year in all three islands. Emphasis will be placed on young drivers and on illegal drag racers reported at areas in Marpi, Chalan Pale Arnold, and Gualo Rai.

Education:

- Conduct educational outreach activities at schools and at community events to raise awareness about the severe consequences associated with speeding on highways and roadways
- Production and airing of ads

Training:

- To conduct laser/radar speed classes for all three islands.
- For officers to attend Speed related training

Grant funds will be used for the following:

- Overtime costs for enforcement activities such as laser speed, and other HVEs
- Overtime costs for public education/outreach events
- Costs for printing of educational materials for distribution during presentations
- Purchase of supplies and equipment that support and enhance the speed enforcement program

Planning & Administration Cost	No
Is Project a Promised Project:	No
The Countermeasure Strategies for Programming Funds identified in the 2024-2026 Triennial HSP	<ul style="list-style-type: none">• Improving the timeliness and accuracy of traffic records data

COMMUNICATIONS (Media) (PM)

Project Name and Description: *Media Campaign*

To raise awareness on the various highway safety campaigns through print materials and ads on different media outlets to enhance community awareness regarding safe driving practices and the danger associated with impaired driving, distracted driving, speeding, non-usage of seat belts and child restraint, and pedestrian & bicycle safety. This will include extending the highway safety messages in other languages due to the diverse population in the CNMI.

Grant funds will be used for the following:

- Costs for printing of banners, flyers, brochures
- Costs for production and airing of various ads

Highway Safety campaigns:

- Click-It-Or-Ticket
- Child Passenger Safety
- Labor Day Impaired Prevention
- Holiday Season Impaired Driving Prevention
- Fourth of July Impaired Driving
- National Speed Reduction Campaign
- Heat Stroke Prevention
- Distracted Driving Prevention
- Pedestrian & Bicycle Safety
- Motorcycle Safety
- Back to School Safety

Location of Project and Affected Communities:

Islands of Saipan, Rota, Tinian

Federal Funding Source(s)	BIL 402

EMERGENCY MEDICAL SERVICES (EMS)

Project Name and Description: *EMS Response*

The Department of Fire & EMS (DFEMS) is responsible for delivering emergency medical services to all traffic crash victims across the CNMI. It is crucial for first responders to promptly and effectively provide patient care at the crash scene.

Grant funds will be used for the following:

- Participate in public education and outreach activities during events such as the Holiday Season Impaired Driving Prevention, Click-It-Or-Ticket, and Child Passenger Safety campaigns
- Training costs for two (2) EMS personnel to attend EMS related training approved by NHTSA; and travel costs to attend the Lifesavers Conference and the Kids-in-Motion (KIMZ) Conference

Location of Project and Affected Communities:

Islands of Saipan, Rota, Tinian

Federal Funding Source(s)	BIL 402
Project Agreement Number	EM 26-01

Total serious injuries non-seat belt use	3	3	3	0	0
Total serious injuries child restraint use	0	1	0	0	0

Countermeasure Strategy
OP Enforcement, Education and Training

The Island of Saipan, Tinian, and Rota will maximize enforcement efforts by encouraging multi agency campaign with the timing of news release, airing of OP/CR ads and the following:

- Participate in the Click It or Ticket National Enforcement Mobilization and Child Passenger Safety Week, National Seat Check Saturday.
- Child Restraint Purchase Assistance Program.
- Provide education and assistance to parents/caregivers on the appropriate selection, installation, and the use of child restraint systems.
- Increase the number of Child Passenger Safety Technicians(CPST) by conducting training for new as well as recertification of existing technicians on all three islands.
- To Conduct inspections and distribute educational materials at all eight (8) locations CNMI-wide. Inspections will be performed as requested by community members and during CPS Week National Seat Check Saturday campaign.

Countermeasure Strategy
OP Child Restraint System Inspection Station(s)

Currently, there are a total of six Child Seat Inspection Stations registered with NHTSA on Saipan, located at various locations. These include the Highway Safety Office, Highway Patrol Section, Susupe Fire Station, Garapan Fire Station, Kagman Fire Station, and the Koblerville Fire Station. Additionally, there are inspection stations at the Tinian DPS Highway Patrol Section and Rota DPS Highway Patrol Section. Given that high-risk populations can be found across all locations on the three islands, special efforts are made to cater to their needs. Separate requests are made outside of regularly scheduled check-up events and educational outreach to specifically

address the requirements of these high-risk populations. Collaborative efforts with partner agencies are undertaken to ensure effective service delivery.

With the presence of multiple inspection stations and certified Child Passenger Safety (CPS) technicians, Saipan, Tinian, and Rota are equipped to provide valuable assistance to parents and caregivers regarding the appropriate use and installation of child restraint systems. The expertise of these technicians is utilized at the fitting stations as well as during various public events and outreach activities.

405b Occupant Protection

Project Name and Description: *Enforcement, Public Outreach & Education, Child Restraint Inspections*

- Participation in the Click-It-Or-Ticket and the Child Passenger Safety Week/Seat Check Saturday campaigns
- Child Restraint Purchase Assistance Program
- To provide education and assistance to parents/caregivers on the appropriate selection, installation and use of child restraint systems
- To conduct (1) renewal class for (15) technicians with expired certifications, AND (1) certification class for (15) new technicians. Current number of technicians is (52). This will bring total number of technicians to (82) CNMI-wide. Additional (2) certified CPSTs are instructor candidates, bringing total number of instructors to (5)
- To conduct inspections and distribute educational materials at all eight (8) locations CNMI-wide. Inspections will be performed as requested by community members and during the CPS Week National Seat Check Saturday campaign

Grant funds will be used for the following:

- Cost for enforcement activities and educational outreach during the Click-It-Or-Ticket and the Child Passenger Safety Week/Seat Check Saturday campaigns
- Purchase of car seats for distribution through the Child Restraint Purchase Assistance Program
- Cost of conducting CPST renewal and certification of new technicians to include training venue and registration fees

405c State Traffic Safety Information Systems

Project Name and Description: *405c State Data Systems Improvement*

- Island-wide Traffic Safety Information System Maintenance, Support (Crash, ECitation, OSCAR & RAMP)
- EMS System API Interface with island wide Traffic Safety Information System (ITSIS) Database for Analysis & Reporting
- RIMS Maintenance / Update
- Design and develop a data analysis and reporting dashboard for the ITSIS

Grant funds will be used for the following:

- Cost for ITSIS Maintenance & Support / Upgrades
- Cost for EMS System Interface with Island wide Traffic Information System (ITSIS)
- Cost for Roadway Information Management System (RIMS) Upgrade/Enhancement/Update
- Cost for development of Data Analysis & Reporting Dashboard
