Good Afternoon, NHTSA Recalls Portal User:

NHTSA has recently introduced 2 new changes to the Part 573 Recall Report accessible through the online portal. Those changes are as follows:

- 1- To ensure compliance with the regulation (Part 573.6 (c)(2)), we ask that you include the basis for how the recall population was determined as well as how the recall products are different from similar products that were not included in the recall. We ask that you enter this information in the field shown below, in the "Add Product" area of the Part 573 Recall Report.
