INTRODUCTION

The National Highway Traffic Safety Administration is responsible for reducing vehicle-related fatalities and injuries on our Nation’s highways. This digest reports the status of State laws that are concerned with impaired driving offenses and alcoholic beverage control. It is extensively footnoted and contains comprehensive information on critical impaired driving laws for all 50 States, the District of Columbia, and Puerto Rico.

It is designed to be an easily accessible reference to all States’ current laws on alcohol and other issues of impaired driving. The digest contains a selection of the most important laws pertaining to impaired driving for each State, compiled in a consistent format to make research simpler. Each State entry includes: Basis for a DWI Offense; Chemical Breath Tests for Alcohol Concentration; Adjudication of Driving While Intoxicated (DWI) charges; Sanctions; Administrative Licensing Actions; Ignition Interlock; Sobriety Checkpoints; Other Criminal Actions Related to DWI; DWI Offenses and Commercial Motor Vehicles; Driving While License Suspended or Revoked Where the Basis Was a DWI Offense; Minimum Age Alcohol Laws; Dram Shop Laws and Related Actions; Open Container Laws; and others.

DEFINITIONS

Administrative Per Se Law:
This allows a State's driver licensing agency to suspend or revoke a driver's license based on a specific blood alcohol concentration (BAC) or on some other criteria related to alcohol or drug use and driving. Such action is completely independent of any licensing action related to a driver's conviction for an impaired driving offense. These laws usually cover both resident and nonresident drivers. However, for nonresident drivers, the action would be limited to denying driving privileges in the sanctioning State.

Commercial Motor Vehicle:
For impaired driving offense purposes, most States define a "commercial motor vehicle" (CMV) as one that (1) has a gross vehicle weight ≥ 26,001 pounds; (2) is designed to transport 16 or more people including the driver; or (3) transports hazardous materials.

Dram Shop Laws:
These are statutory or case laws that provide that a person who serves alcoholic beverages to an intoxicated individual may be liable for the damages caused by such individual. In some States, a server may also be liable for injuries sustained by the intoxicated individual.

DWI, DUI, and Impaired Driving Offense:
These are generally "non-legal" terms that refer to any criminal action related to driving a motor vehicle while "illegal per se" or while either impaired by, under the influence of, or intoxicat-ed by alcohol or other drugs.

Happy Hour Laws:
For the purposes of this digest, this is a statute or regulation that prohibits the sale of alcoholic beverages below the price per quantity normally charged for such beverages.

Vehicular Homicide:
"Vehicular homicide" is the unlawful and unintentional death caused by a person while violating laws related to motor vehicle operation.

Illegal Per Se Law:
A State law that makes it a criminal offense to operate a motor vehicle: (1) at or above a specified alcohol concentration in the blood, breath, or urine; or (2) with any amount of a drug, usually a controlled (illegal) substance, in the body.

Implied Consent Law:
This type of law provides that a person gives implied consent to submit to a test for either an alcohol or drug content in his/her body if he/she
is arrested or otherwise detained for a DWI offense. If the person refuses to submit to such a test, the law usually provides that his/her driving privileges will be either suspended or revoked. The results obtained from such a test are usually admissible into evidence at a DWI trial.

Intoxicating Liquor:
A number of State laws provide that it is illegal to operate a vehicle while under the influence of "intoxicating liquor" (instead of under the influence of alcohol). However, the term "intoxicating liquor" is not defined in many of the State motor vehicle codes that provide for this type of impaired driving offense. Nevertheless, such terms usually refer to all types of alcoholic beverages (i.e., beer, wine, and distilled spirits). See the definitions of "alcoholic liquor," "intoxicating liquor," and "liquor" in Black's Law Dictionary, Eighth Edition, West Publishing Company.

Mandatory Sanctions:
A "mandatory sanction" means either a criminal sanction (e.g., jail, fine, or community service) or an administrative licensing action (e.g., license suspension or revocation) must be imposed by either a court or an administrative agency. That is, statutory law specifically requires that such sanction be imposed.

Preliminary Breath Test:
A "preliminary breath test" (PBT) refers to a breath test given by a law enforcement officer to a suspected impaired driver prior to an arrest for an impaired driving offense. The results of this test are used along with other evidence by the officer to determine if there is "probable cause" to arrest the driver for such an offense. Usually, the results of a PBT cannot be admitted into evidence.

Pre-Sentence Investigation Law:
As used in this publication, this term means a law that provides that a person who has been convicted of an impaired driving offense undergo an evaluation to determine if he/she has either an alcohol or drug abuse problem prior to sentencing.

Presumption:
The term "presumption" under "Basis for a DWI Charge" refers to a specific alcohol concentration in a driver's blood, breath, or urine at or above which it may be presumed that he/she was driving in violation of the "Standard DWI Offense."

Off-Highway Vehicles:
Not reported in this digest are State laws that prohibit the operation of non-highway vehicles (e.g., snowmobiles, all-terrain vehicles (ATVs), or other off-road vehicles (ORVs) either while under the influence of alcohol or drugs or at or above a specific blood alcohol concentration.

Sanctions:
Unless otherwise stated, the sanctions are the same for all alcohol and drugged driving offenses (e.g., driving while under the influence of either alcohol or drugs, illegal per se, et al.). The sanctions listed in the digest for criminal offenses are those that would normally apply to adult offenders. However, it should be noted that for juvenile offenders, the law may limit a court's ability to assign such punishment. Such offenders also may be subject to other sanctions for a violation of criminal laws that may not be listed in this digest.

Nevertheless, this digest does report the sanctions (criminal or administrative) related to State laws that have special provisions that make it illegal for a young person (e.g., a person under 21) to operate a motor vehicle either (1) at or above a specific alcohol concentration, which is below the level used to determine adult intoxication; or (2) with any measurable amount of alcohol or drugs in his/her body.

However, the digest does not generally report the sanctions (criminal or administrative) associated with State laws that prohibit a person who is under the legal drinking age from consuming alcoholic beverages. Please note that the sanctions for fines listed in this digest do not include court costs.

OVERVIEW NARRATIVE OF KEY PROVISIONS OF STATE IMPAIRED DRIVING LAWS

State statutes or regulations that are concerned with impaired driving violations, i.e., DWI or DUI, typically include several major components: the basis for an offense; requirements for chemical breath tests for alcohol concentration; the adjudication of charges; sanctions; administrative licensing actions (applied pre- and post-conviction); and other criminal actions related to DWI. Details for each State’s statutes or regulations pertaining to each of these components are provided in the State-by-State analysis of this document.

THE BASIS FOR A DWI CHARGE

The basis of a charge for driving while intoxicated for each State is established, by statute, to be the level of blood or breath alcohol content at or above which a person is presumed to be under the influence of alcohol. BAC, measured in grams per deciliter (g/dL), is widely considered to be the most accurate measurement of alcohol concentration in a person’s blood, and as such, the most reliable measure of alcohol impairment. As of 2005, all States, the District of Columbia, and Puerto Rico had enacted illegal per se laws, making it illegal to operate a motor vehicle when the person’s BAC is at or above .08 g/dL, the quantity of alcohol in the blood. The basis for a DWI charge in each State also sets forth the conditions under which a person is presumed to be under the influence of alcohol; also set at or above .08 g/dL in all States. Lastly, the statutes in many States also provide for a determination of DUI when a person is found to have been under the influence of substances other than alcohol, e.g., any illegal or controlled substance which impairs one’s mental and/or physical faculties.

Several States have statutes establishing a lower BAC level for DWI for certain groups of individuals. For example, school bus drivers, day care vehicle operators, and people under the age of 21 in Alabama are presumed to be under the influence of alcohol if found to have a BAC at or above .02 g/dL.

SANCTIONS FOR FIRST and REPEAT OFFENDERS

Forty-five States and DC have administrative license revocation (ALR) laws, which provide for the administrative suspension of a driver’s license, prior to conviction for DWI. The driver’s license is suspended by the States’ licensing agency prior to conviction for DWI when the driver’s BAC test result is found to be at or above .08 g/dL, or the driver refuses to submit to chemical testing.

First-time DWI offenders, upon conviction, are often subject to additional licensing sanctions (suspension or revocation), jail time, and/or fines, and can receive other sanctions such as community service, vehicle impoundment, alcohol education and treatment, etc., independent of the administrative license suspension or revocation that occurs prior to conviction. Information on the minimum sanctions that may be imposed upon first-time DWI offenders, upon conviction, in each State, is provided in the Key Provisions of State Impaired Driving Laws Summary Tables included in this document.

Under 23 Code of Federal Regulations (CFR) § 1275, States are required to enact and enforce laws establishing minimum sanctions for repeat DWI offenders, to avoid the transfer of Federal-aid highway funds. A repeat offender is defined in 23 CFR § 1275 (Repeat Intoxicated Driver Laws) as “…a person who has been convicted of DWI or DUI more than once in any five-year period.” To avoid the penalty of the transfer of Federal-aid highway funds, States must enact and enforce laws providing the following as sanctions for second or subsequent DWI offenders: a minimum license suspension of 1 year; the impoundment, immobilization, or installation of an ignition interlock on a driver’s motor vehicle; an alcohol assessment and treatment as appropriate; and not less than 5 days of imprisonment or 30 days of community service. Information on the sanctions that may be imposed in each State upon convicted repeat offenders is also provided in the Key Provisions of State Impaired Driving Laws Summary Tables included in this document.
HIGH-BAC OFFENDERS

A number of States have laws establishing enhanced sanctions for those DWI offenders considered to be high-BAC offenders, including increased jail time, longer suspension periods, use of ignition interlocks, higher levels of fines, etc. High-BAC offenders are defined by the States, with levels ranging from BACs of .10 or greater to .20 or greater. Data indicate that offenders with high BACs are at greater risk than other impaired drivers of being involved in alcohol-impaired-driving fatal crashes. Specific information on enhanced sanctions for high-BAC offenders in each State is provided in the Key Provisions of State Impaired Driving Laws Summary Tables and the State-by-State analysis portion of this document.

IGNITION INTERLOCKS

Under certain conditions, DWI offenders in all 50 States and the District of Columbia may be required to equip their vehicles with ignition interlock devices. When an ignition interlock is installed on a vehicle, the driver breathes into the device, which analyzes the driver’s breath and renders the vehicle inoperable if the breath sample indicates that the driver has been drinking alcohol. The installation of an ignition interlock device is mandatory upon conviction for DWI in some States and discretionary in other States. For the purposes of this document, a State’s ignition interlock statute is characterized as “permissive” if it provides for the installation of an ignition interlock as an option in DWI sentencing, either in lieu of, or in addition to other sanctions (jail, fines, community service) or “mandatory” if the installation of an ignition interlock device is required for DWI offenders. States typically grant the authority to impose an ignition interlock sanction to either the judiciary, or the administrative agency responsible for licensing. In some cases, this authority is shared, depending on the specific DWI offense. In these cases the digest labels the sanction as a “hybrid” sanction. Specific information regarding ignition interlock laws in each State is provided in the Key Provisions of State Impaired Driving Laws Summary Tables, and the State-by-State analysis portion of this document.

SOCIAL HOST VIOLATIONS

Social host laws are those State laws assigning criminal or civil responsibility for providing alcohol to those persons obviously intoxicated and in so doing, endangering their lives and/or the lives of others. These laws also include those that address the provision of alcohol to those under...
the legal drinking age of 21 and, in so doing, endangering the welfare of minor(s). While the definition of a social host and the laws governing them vary from State to State, many States have laws establishing enhanced sanctions for violating social host laws, particularly in cases where those to whom the alcohol was served are subsequently involved in motor vehicle crashes resulting in fatality or injury. Please refer to Key Provisions of Impaired Driving Laws Summary Tables and the State-by-State analysis of this document for details regarding such legislation in each individual State.

OTHER CRIMINAL ACTIONS RELATED TO DWI

Most States also have laws defining other specific criminal actions related to DWI under certain circumstances or conditions. Actions such as vehicular homicide; driving while one’s license is suspended for DWI; and operating a commercial motor vehicle while under the influence are among those considered to be criminal actions related to DWI. Drivers found to be in violation of laws pertaining to other criminal actions related to DWI are often subject to enhanced sanctions, including, but not limited to: license revocation, jail time, vehicle forfeiture, and more. Details regarding the specific actions considered to be criminal related to DWI and the sanctions associated with these actions are provided in the State-by-State analysis of this document.

**NHTSA DIGEST OF IMPAIRED DRIVING LAWS, 27\(^{th}\) EDITION**
**Summary Charts of Key Provisions of State Impaired Driving and Selected Beverage Control Laws**

**Summary Chart Notes:**

- **Key provisions of State statutes or regulations concerned with impaired driving violations, e.g., driving while intoxicated (DWI, also referred to as driving under the influence (DUI)).** Provisions of local laws are NOT reported.
- **Impaired driving offenses are “non-legal” terms that refer to any criminal action related to driving a motor vehicle either while illegal per se or while impaired by, under the influence of or intoxicated by alcohol or other drugs.**
- **All 50 States, the District of Columbia, and Puerto Rico have “illegal per se” laws defining driving with a BAC at or above 0.08% as a crime.**
- **Laws in most States provide for mandatory minimum jail terms and fines. Laws in 43 States and DC also include community service as a sanction. Restitution is also used as a sanction in 47 States and DC. Several States also assess fees, mandate alcohol/drug therapy, place offenders on probation, or require training as additional sanctions. Please refer to the State-by-State analysis portion of this document for details regarding the specific sanctions used in individual States.**
- **A repeat offender is defined in 23 CFR Part 1275-Repeat Intoxicated Driver Laws as “…a person who has been convicted of DWI or DUI more than once in any five-year period.” Please refer to the State-by-State analysis portion of this document for details regarding the specific sanctions used in individual States. For purposes of this table, the sanctions listed are for a second offense. Please refer to the State-by-State analysis portion of this document for details regarding sanctions for subsequent offense beyond a second offense.**
- **Laws in a number of States provide for enhanced sanctions for those drivers found to have had a high BAC, i.e., a BAC test result at or above an amount (e.g., 0.15%, 0.16%, 0.20% or greater) as specified in the State’s statute at the time of arrest. The sanctions listed may be imposed in addition to jail time and fines, where not specifically stated. Please refer to the State-by-State portion of this document for details.**
- **Under a State’s administrative license revocation (ALR) statute, a driver’s license can be suspended or revoked, prior to conviction, if the driver is found to have a BAC level of .08 or greater (administrative per se) or refuses to submit to chemical testing for DWI.**
- **Forty-one (41) States and the District of Columbia have administrative per se laws, which allow the driver’s license to be suspended or revoked, prior to conviction, if the driver fails a BAC test or refuses to take a BAC test.**
- **Please refer to the State-by-State portion of this document for detailed information on other sanctions in individual States.**
- **Although most States do not currently have specific statutes that establish “high-BAC,” many States do have statutes providing for graduated levels of sanctions when DWI offenders are found to have BAC levels above 0.08%, such as at 0.15%, 0.16%, 0.20% or greater. In these cases, an inference has been made as to what is considered as a “high-BAC” level for each individual State, which is shown here. Please refer to the State-by-State analysis portion of this document for details regarding the level of sanctions used in individual States for “high-BAC” offenders.**

Summary Chart Notes:
^a Key provisions of State statutes, regulations, or laws concerned with impaired driving, i.e., driving while intoxicated (DWI) and/or driving under the influence (DUI). Provisions of local laws are NOT reported. Refer to the State-by-State analysis of this document for details regarding the laws for each individual State.
^b All 50 States and the District of Columbia have laws (illegal per se) making it a crime to operate a motor vehicle with a blood alcohol concentration (BAC) at or above 0.08%.
^c Sobriety checkpoints are used as a law enforcement strategy aimed at deterring impaired driving (DWI or DUI) by increasing the public’s perception of being caught in violation of State impaired driving laws. For the purposes of this Table, “Permitted” indicates that the State either has statutory authority for the use of checkpoints and/or the use of checkpoints has been upheld in court under the Federal and/or State Constitution. “Prohibited” indicates that the State does not have a statute providing authority for the use of checkpoints and/or does not allow State and local law enforcement to use them.
^d Under certain conditions of DWI/DUI offenders’ convictions in 47 States and the District of Columbia, their vehicles may be equipped with an ignition interlock device as a penalty. The driver breathes into the ignition interlock device, which analyzes the driver’s breath and renders the vehicle inoperable if the breath sample indicates that the driver has been drinking.
^e Social Host laws are those State laws assigning criminal or civil responsibility for providing alcohol to those under the legal drinking age of 21 and in so doing endangers the welfare of minor(s). The definitions of social hosts and the laws governing them vary from State to State. Refer to the State-by-State analysis of this document for details regarding such legislation in each individual State.
^f The term “permissive” is used to describe a State’s statute that provides for the use of an ignition interlock as an option in DWI sentencing, either in lieu of, or in addition to other sanctions (jail, fines, community service). “Mandatory” is used to describe a State’s statute that mandates the use of an ignition interlock for DWI offenders. Refer to the State-by-State analysis of this document for details regarding the laws for each individual State.

^10 Please refer to the West Virginia portion of this document for the specific conditions under which 1st offenders are subject to the installation of an ignition interlock and for the time period.

| Other: | None |

**Adjudication of DWI Charges:**

\(^{14}\)In *Ex Parte Buckner*, 549 So.2d 451, 454 (Ala. 1989), the Alabama Supreme Court held that the term “under the influence of alcohol” means “having consumed such an amount of alcohol as to affect his ability to operate a vehicle in a safe manner.”

\(^{15}\)Standard: Percentage of alcohol by weight in the blood. However, the law defines this as grams of alcohol per 100 cubic centimeters of blood or grams of alcohol per 210 liters of breath. AL ST § 32-5A-194(a)(5). This definition, therefore, establishes the illegal per se law based on breath.

| Mandatory Adjudication Law (Yes/No): | No |
| Anti-Plea-Bargaining Statute (Yes/No): | No |
| Pre-Sentencing Investigation Law (PSI) (Yes/No): | Yes – Alcohol Evaluation Required. AL ST § 32-5A-191(b). |

**Sanctions for Refusal to Submit to a Chemical Test:**

Other: Court Authorized Licensing Action: In addition to any other sanction for a criminal violation of the traffic laws, the court may issue an order “forbidding” an offender from operating a motor vehicle for either a specified period of time or perpetually. AL ST § 32-5-316.
Special Note: A Class C felony conviction for a fourth drunk-driving offense is not to be considered a felony for purposes of the State's Habitual Felony Offender Law. AL ST § 32-5A-191(h).

Administrative Licensing Actions:
Pre-DWI Conviction Licensing Action: Yes\(^ {22} \) ≥ .08
Administrative Per Se Law:
First Admin Per Se Violation – Suspension – 90 days (mand);
Second Alcohol Or Drug-Related Contact (within 5 years) – Suspension – 1 year (mand);

\(^{21}\)These sanctions apply to first offense convictions for assault in the first degree. To determine the sanctions for a 2nd or subsequent offense of this type, see AL ST § 13A-5-9. 103If a person is involved in an accident and has a BAC ≥ .08 and has been convicted of a DWI-related vehicle homicide (within 5 years), the license shall be either suspended or revoked as follows: (1) If the accident does not result in a DWI conviction (either injury or non-injury) – suspension for 1 year (mandatory); and (2) if the accident results in a DWI conviction (either injury or non-injury) – revocation for 3 years (mandatory). This revocation period is concurrent with any other DWI imposed restriction, suspension or revocation if this is a first DWI conviction or a second conviction within 5 years. This revocation period is cumulative with any other DWI imposed restrictions, suspension or revocation if there have been two or more previous DWI convictions within 5 years. CA VEH § 13954.

There are two provisions of the California Vehicle Code that provide for special licensing sanctions against minors who violate the DWI laws. I. Under CA VEH § 13352.3, a person who is < 18 and who is convicted of an alcohol driving offense is subject to a license revocation until 18 for 1 year, or per CA VEH § 13352 whichever period is longer. II. Under CA VEH § 13202.5, a person who is ≥13 but < 21 and who is convicted of a DWI (alcohol or drugs) offense or of a vehicle manslaughter offense is subject to a license suspension for one year. However, such person may be eligible for restricted driving privileges based on “a showing of a critical need to drive” (CA VEH § 13202.5(c)).

104A license cannot be reinstated unless the defendant has completed either an 18-or 30-month alcohol treatment program. CA VEH § 13352(a)(5) and gives proof of financial responsibility, pays all reissue fees, etc. CA VEH § 13353.4; CA VEH § 23538.

105Driving privileges may be restricted for 90 days under certain probation conditions. CA VEH § 13352; CA VEH § 13352.5; CA VEH § 23538; CA HEALTH § 11837(a), (c), (d).

106Restricted driving privileges may be granted after a defendant enrolls in or completes an alcohol rehabilitation program. This does not apply if they were operating certain types of heavy trucks or buses at the time of the offense. As an alternative, the defendant may be granted a restricted license after a 12-month suspension if enrolled in an alcohol treatment program and have an ignition interlock device installed on the vehicles. Non-Injury DWI Offense (with two previous DWI offenses) – 18 months {12 months with ignition interlock}.
Non-Injury DWI Offense (with three or more previous DWI offenses) – 18 months {12 months with ignition interlock}.
Injury-Related DWI Offense (with no previous DWI offenses) – 1 year.
Injury-Related DWI Offense (with one previous DWI offense) – 18 months {12 months with ignition interlock}.
Injury Related DWI Offense (with two or more previous DWI offenses) – 18 months {12 months with ignition interlock}, CA VEH § 13352.

Other:
Rehabilitation:
Alcohol Education:
Conditions of probation, which normally provide for a reduced period of incarceration, usually require a defendant to participate in an alcohol education/rehab program for any DWI offense conviction. 107, 108 CA VEH § 23538 et seq., and CA VEH § 13352 the court may also require a “driving under the influence” program for 18 or 30 months. CA VEH §23552. A person convicted of a first DWI offense in a juvenile court must participate in and complete either an alcohol or drug education program. CA VEH §23538; CA VEH § 23556; CA HEALTH § 11837(a), (c), (d).

Alcohol Treatment:
Yes

Vehicle Impoundment/Confiscation:
There are two vehicle impoundment laws:
Impoundment: 109 A vehicle owned and driven by the offender may be impounded as follows for a DWI offense (non-injury/injury):
First offense – The court may order impoundment for not less than 1 day or more than 30 days;
Second offense (within 5 years) – The court shall order impoundment for not less than 1 day or more than 30 days;
Third or subsequent offense (within 5 years) – Not less than 1 day or more than 90 days. CA VEH § 23594.

107 However, in lieu of the more traditional alcohol and drug education and treatment programs, an offender, again as a condition of probation, may be allowed to participate in a special “live-in alternative.” This alternative focuses on substance abuse users and requires them to live full time at a special facility. CA PENAL § 8001.
108 First offenders who have been placed on probation and at the time of the offense had a BAC ≥ .20 or refused to submit to a chemical test must be placed in an alcohol education/counseling program for at least 6 months. CA HEALTH § 11837(c)(2). The same holds true for those who plead guilty or nolo contendere to a reckless driving charge in lieu of DWI. CA VEH § 23103.5.
109 Under this impoundment/forfeiture law, no vehicle may be impounded or forfeited if another person has a community property interest in the vehicle and if it is the sole vehicle available to the defendant's immediate family. CA VEH § 23594; CA VEH § 23596. Additionally, it appears that CA VEH § 23594 concerns DWI offenses only. Whereas, CA VEH § 23592 lists DWI offenses along with other types of offenses that would trigger impoundment.

NHTSA DIGEST OF IMPAIRED DRIVING LAWS, 27TH EDITION

50
**Impoundment II**: The vehicle owned and driven by the offender may be impounded as follows for a DWI or other offense, as listed in the statute:

- **First offense** – **Not more than 6 months**;
- **Subsequent offense** – **Not more than 12 months**.

CA VEH § 23592(a)(1).

**Forfeiture**: A defendant’s vehicle may be subject to forfeiture if convicted of a DWI vehicle homicide offense, a non-injury-related DWI offense and two or more (or combinations of) convictions within 7 years for a vehicle homicide offense or a non-injury/injury-related DWI offense, or a DWI serious injury offense and one or more (or combinations of) convictions within 7 years for a vehicle homicide offense or a non-injury/injury DWI offense.

CA VEH § 23596.

**Terms Upon Which Vehicle Will Be Released:**
- **N/A**
- **Other:**

**Temporary Impoundment**: A law enforcement officer may “remove” from the highway any vehicle driven by a person who has been taken into custody or by a person under 21 who has been issued a notice of license suspension for operating a motor vehicle with a BAC ≥ .01. The vehicle may be released to the legal owner upon the payment of towing and storage charges.

CA VEH § 22651.

**Miscellaneous Sanctions Not Included Elsewhere:**

- For the purpose of imposing enhanced sanctions, the court shall consider whether the offender’s blood alcohol level was ≥ .15, the person refused to submit to a test under the implied consent law.

CA VEH § 23578.

**Ignition Interlock**:  
- **Permitted or Prohibited**: Permitted  
- **Type of Law (Mandatory or Permissive)**: Both  
- **Sanction (Judicial, Administrative or Hybrid)**: Hybrid  
- **Conditions of Use**: A court may order a first offender convicted of a DWI offense to operate only motor vehicles equipped with ignition interlock devices for not more than 3 years from the date of conviction. For first offenders with a BAC of .15 or greater, the court shall take into consideration the results of a county alcohol and drug problem assessment in determining the term.

CA VEH § 23575(a), (f)(1).

Additionally, if an offender convicted of a subsequent offense is granted restricted driving privileges, the licensing agency must require that offender to operate only motor vehicles equipped with ignition interlock devices.

CA VEH § 13352(a).

**Other Provisions**: Persons required to drive vehicles equipped with ignition interlock devices who drive without such device are
considered to have driven without a license and may be immediately arrested, with vehicle impoundment for 30 days. CA VEH § 14602.6(a)(1).

Social Host-Criminal Enforcement:
Additionally, liability does not apply in situations where injury causing habitual drunkards are sold alcoholic beverages in closed containers. Liability only occurs if such persons are served alcoholic beverages for consumption on the premises. Persen v. Southland Corp., 656 So.2d 453 (Fla. 1995).

218 This law limits liability to damages caused by selling or furnishing alcoholic beverages to persons under the legal drinking or by knowingly serving alcoholic beverages to persons who are habitually addicted to alcohol. Peoples Restaurant v. Sabo, 591 So.2d 907 (Fla. 1991). Note: Regarding injuries caused by a minor, the injured party must prove that alcoholic beverages were “willfully and unlawfully” served to the minor by the licensee. For injuries caused by a habitual drunkard, the injured party must prove that alcoholic beverages were only “knowingly” served by the licensee. Also, service on multiple drinks on one occasion is not sufficient to establish that a patron was a habitual drunkard. However, serving multiple drinks on numerous occasions is circumstantial evidence of such behavior. Ellis v. N.G.N. of Tampa, 586 So.2d 1042 (Fla. 1991); Fleuridor v. Surf Cafe, 775 So.2d 411 (Fla.App.4 Dist. 2001). Additionally, liability does not apply in situations where injury causing habitual drunkards are sold alcoholic beverages in closed containers. Liability only occurs if such persons are served alcoholic beverages for consumption on the premises. Persen v. Southland Corp., 656 So.2d 453 (Fla. 1995).

219 A licensee may be held liable for the actions of an intoxicated minor to whom he/she has not sold alcoholic beverages. Such is the case if an underage person is allowed to purchase alcoholic beverages where the licensee is “on notice” that the purchaser will give such beverages to another minor who could become intoxicated and cause injury to a third party, i.e., the licensee is considered to have sold or furnished alcoholic beverages to both minors. O’Neale v. Hershoff, 634 So.2d 644 (Fla.App.3 Dist. 1994).

220 I. A patron who is a known “habitual drunkard” can hold a licensee liable, under the dram shop law, for injures he sustains as a result of becoming intoxicated at the licensee’s establishment. Ellis v. N.G.N. of Tampa, 586 So.2d 1042 (Fla. 1991). II. Under the dram shop law, a licensee may be liable for the injuries or death (including suicide) of an intoxicated minor patron. A person is “disqualified” from operating a CMV for 1 mandatory year (3 years if transporting hazardous materials) if, while driving a CMV, that person: (1) has a BAC/BrAC/UrAC ≥ .04; (2) is under the influence of alcohol or a controlled substance; or (3) has refused to submit to a chemical test for either alcohol or drugs. For a subsequent violation or a combination of two or more violations of any of the above-listed items, the “disqualification” is for life (10 years mand).

A person who operates a CMV with a BAC/BrAC ≥ .04 but ≤ .08 is subject to a fine of not less than $20 and not more than $50. However, if the BAC/BrAC is > .08, that person is subject to the same fines as for a regular drunk-driving offense.

In addition, a CMV operator who has any measurable (or detectable) amount of alcohol or controlled substance in the system must be placed “out-of-service” for 24 hours.

If a CMV operator refuses to submit to a chemical test (for an alcohol concentration or for the presence of other drugs) under the CMV implied consent law provisions, the operator’s privilege to operate a CMV can be either suspended or revoked:

- **First refusal** – the CMV privilege is suspended for one year (mand);
- **Subsequent refusal** – the privilege is suspended for life (mand).

However, if the operator fails to appear at the implied consent hearing, which is automatically scheduled in refusal situations, the CMV privilege is revoked; the length of this revocation is not specified.

The pre-trial and implied consent provisions of Ch. 189A also apply to CMV operators (KY ST § 281A.220(2)).

KY ST § 281A.010; KY ST § 281A.190; KY ST § 281A.210; KY ST § 281A.2102; KY ST § 281A.220
A person is prohibited from operating a CMV during either a CDL disqualification or a CDL out-of-service order. KY ST § 281A.090(2). However, neither this section nor any other provision of Chapter 281A provides a sanction for this prohibition.

A person's privilege to operate a CMV is “suspended” for not less than 1 mandatory year nor more than 3 years if transporting hazardous materials if, while operating a CMV, that person: (1) has a BAC/BrAC ≥ .04 (Standards: Grams of alc. per 100 milliliters of blood or grams of alc. per 210 liters of breath.); (2) is under the influence of intoxicating liquor or a controlled substance; or (3) violates the drunk-driving law.

A CMV operator who refuses to submit to a chemical test shall have his license revoked for 6 months (first offense) or 2 years (subsequent offense), in addition to the sanctions listed in NJ ST § 39:4-50.4a.

For a subsequent violation or a combination of two or more violations of any of the above listed items, the privilege to operate a CMV is revoked for life (10 years mand).

447 This offense is not specifically classified as a “felony” or a “misdemeanor” because the Criminal Code (Title 2C) does not define these terms. To cope with the lack of definition, the N.J. Supreme Court has held that a crime can be considered equal to a “common law felony” if a defendant can be sentenced to the State prison for more than 1 year. State v. Doyle, 200 A.2d 606 (N.J. 1964).

448 The minimum sentence is either between one-third and one-half of the sentence imposed or 3 years whichever is greater.
A CMV operator who refuses to submit to a chemical test is subject to a fine of not less than $250 or more than $500.

Evidence of such test may be presented in a criminal case so long as it is shown by clear and convincing evidence that the officer administered the test in substantial compliance with testing standards. OH ST § 4511.194(C). Further, the result of a portable breath test is a factor, in addition to field sobriety tests, upon which a law enforcement officer may base probable cause for arrest.

<sup>485</sup> The code states that a chemical test shall be administered at the request of an officer having reasonable grounds to believe a person was operating a vehicle in violation of the DWI (OVI) statute. It also states that if an officer arrests a person for a violation, the officer shall request such person to submit to a chemical test. OH ST § 4511.191(A)(3), (5). Based on this language, it appears that arrest is not required for an officer to request someone to submit to a test. However, if there is an arrest, then the officer is mandated to give such test.

A person is disqualified from operating a CMV for 1 mandatory year (3 years if transporting hazardous materials) if that person is convicted of driving a CMV with a BAC ≥.04 (amount of alcohol in the blood or while under the influence of alcohol or a controlled substance).

For a subsequent conviction or a combination of two or more convictions of any of the above-listed items, the disqualification is for life (10 years mand).

A person who violates this provision is subject to the same criminal sanctions as for any other DWI offense.

A person is disqualified from operating a CMV for 1 year if, while operating a CMV, that person refuses to submit a chemical test for an alcohol concentration or the presence of
controlled substances. In addition, a CMV operator must be placed out-of-service for 24 hours if he/she has any amount of alcohol in the system. A person who operates a CMV with any amount of alcohol in the system commits a summary offense and is subject to a fine of $100.

Even a DUI violation in a personal vehicle subjects the holder of a CDL to a one-year CDL disqualification.
